

# PRODUCT INFORMATION

## OFFSHORE BASKETS

### **Description:**

In addition to standard and custom built containers ATC also supply custom built DnV 2.7-1 approved baskets.

These baskets are designed to suit our customer's specific needs.

The picture show a basket equipped with a custom built container, holding a spare part surrounded by a nitrogen atmosphere.

The surface treatment is done according to NORSOK M-501 system 1.

ATC have done all the engineering, fabrication and testing of this basket.
